INDEX TO VOLUME 65

Adams, P., and Strauss, D.: Homomorphisms into $\mathbb{N}^*$ 460

Almeida Santos, M.H., - see Blyth, T.S.

Araújo, J.: On idempotent generated semigroups 138

Ayık, H., Kuyucu, F., and Vatansever, B.: On semigroup presentations and efficiency 329

Baker, J.W., and Filali, M.: On the analogue of Veech's theorem in the *WAP*-compactification of a locally compact group 107

Billhardt, B.: Embedding locally inverse semigroups into Rees matrix semigroups 113

Birget, J.-C., and Margolis, S.W.: A complete rewrite system and normal forms for $(S)_{\text{reg}}$ 348

Bisgaard, T.M.: Correction of an error in the paper 'A method of moments for semigroups S without zero, but satisfying $S = S+S$' (Corrigendum) 314

Blyth, T.S., and Almeida Santos, M.H.: Regular semigroups with skew pairs of idempotents 264

Bulman-Fleming, S.: Absolutely annihilator-flat monoids 428

Cao, Y.: Chain decompositions of ordered semigroups 83

Chen, Y., and Shum, K.P.: Corrigendum to "Rees short exact sequences of S-systems" 141

Chen, Y., - see Zhang, P.

DeMeyer, F.R., McKenzie, T., and Schneider, K.: The zero-divisor graph of a commutative semigroup 206

Emamirad, H., and Heshmati, G.S.: Pseudomeasure character of the ultra-spherical semigroups 336

Filali, M.: t-Sets and some algebraic properties in βS and in $\ell_\infty(S)^*$ 285

Filali, M., - see Baker, J.W.

Gu, X., - see Li, M.

Hayes, A.: Semigroups which have a minimum primitive inverse congruence 386

Hayes, A.: The structure of 0-bisimple and $\mathcal{R}$-unipotent semigroups 405

Heshmati, G.S., - see Emamirad, H.

Hofmann, K.H.: An interview with Karl H. Hofmann on the occasion of his seventieth birthday 317

Huang, F., - see Li, M.

Kehayopulu, N., and Tsingelis, M.: Fuzzy sets in ordered groupoids 128

Klement, E.P., Mesiar, R., and Pap, E.: Triangular norms as ordinal sums of semigroups in the sense of A.H. Clifford 71

Kuresh, S.W., and Mordeson, J.N.: Homomorphisms of abelian pomonoids induced by a class of BCI-homomorphisms 215

Kuyucu, F., - see Ayık, H.

Levi, I., and Wood, J.: Group closures of partial transformations 301
Li, M., Gu, X., and Huang, F.: On unbounded perturbations of semigroups: compactness and norm continuity 58
Li, Y.: A class of regular semigroups with regular *-transversals 43

Margolis, S.W., - see Birget, J.-C.
McKenzie, T., - see DeMeyer, F.R.
Mesiar, R., - see Klement, E.P.
Metafune, G., Pallara, D., and Wacker, M.: Feller semigroups on $\mathbf{R}^N$ 159
Mordeson, J.N., - see Kuresh, S.W.
Moreira Dos Santos, C.: A refinement monoid whose maximal antisymmetric quotient is not a refinement monoid 249

Normak, P.: The structure of commutative congruence compact monoids .. 133
Novikov, B.V.: Ideals of free semigroups having cohomological dimension 1 225

Okiński, J.: Regular $\mathcal{J}$-classes of subspace semigroups 450
Otto, F.: Some results on Green's relations for monoids presented by monadic string-rewriting systems 374

Pallara, D., - see Metafune, G.
Pap, E., - see Klement, E.P.
Pasku, E., - see Petro, P.
Pavel, L., and Sund, T.: Monoid extensions admitting cocycles 1
Petro, P., and Pasku, E.: The Green–Kehayopulu relation $\mathcal{H}$ in *le*-semigroups 33

Schein, B.M.: Book Review of "Inverse Semigroups: The Theory of Partial Symmetries" 149
Schneider, K., - see DeMeyer, F.R.
Shum, K.P., - see Chen, Y.
Strauss, D., - see Adams, P.
Sund, T., - see Pavel, L.

Tsingelis, M., - see Kehayopulu, N.

Vatansever, B., - see Ayık, H.

Wacker, M., - see Metafune, G.
Weipoltshammer, B.: Certain congruences on E-inversive E-semigroups ... 233
Wood, J., - see Levi, I.

Zhang, P., and Chen, Y.: On idempotent-connected quasi-adequate semigroups 275
